

## **Stakeholder Input**

**1. Desired Uses:** How you might want to use the watershed or how you might want it to look.

**Identify watershed concerns :**

**2.** What are the known or perceived impairments and problems in the watershed?

**3.** Do we already know the causes and sources of any water quality impairments in the watershed? If so, what are they?

**4.** Are there any threats to future conditions, such as accelerated development patterns?

**5.** Are you working on any other planning document or project that concerns this area?

**6.** Is there anything else that you would like to mention? Please use the back of this sheet if you need to.
